COLLECTION 2026-27

Timeless.

Every Season.

FASCIA EXTERIORCLADDING | BY | STYLAM

LEADERS IN
HOT-COATED SURFACES

Fascia by Stylam is a refined exterior cladding solution for contemporary architecture, where performance meets elevated design. Engineered under high pressure, it ensures structural integrity, lasting colour stability, and a meticulously finished surface for timeless facades.

Enhanced with Stylam's pioneering hot coating technology, it is fire-retardant and enriched with antibacterial and antifungal properties, delivering a safer, more resilient exterior envelope.
